Board Marks: 93.5%

Courses

- Non-Medical Science, with computers

10th CBSE

Green Fields School, New Delhi - 110029

04/2017 - 04/2018

CGPA: 8.9

PERSONAL PROJECTS

Green Fields School Report Management Software (09/2019 - Present)

- A full web application that manages entry of student records, student marks and can be easily changed for the promotion of the students.
- It has a capable authentication system for the teachers.
- Uses NodeJS(ExpressJS) in the backend and HTML, CSS, and Javascript in the frontend and MongoDB as DBMS.
- It is deployed using Heroku on the site .

Indian Campgrounds - An ecommerce website for camps (07/2021 - 08/2021)

- A full web application that can be used to showcase the camps at different places in India where every user can create, edit and delete their personalised campground, and can also checkout other peoples campgrounds and write reviews on it which they can also delete.
- It has all basic CRUD functionalities for both reviews and campgrounds.
- I have also implemented both user authentication and authorization so that every user can only edit or delete only their own campgrounds or reviews.
- Uses NodeJS(ExpressJS) in the backend and HTML, CSS, Javascript in the frontend and MongoDB as DBMS, and PassportJS for authentication.

Personal Portfolio (04/2021 - 04/2021)

- A stunning bootstrap based portfolio page.
- Minimalistic and modern design using HTML, CSS, Bootstrap and hosted on Heroku web hosting using NodeJS.
